DIRECTIONS FOR GIVING ALARM.

Keys will be found in residences on each corner where boxes are located. Open Fire Alarm Boxes and pull Hook down and let go. Leave key in box.
Turn alarm in only for fires. \$10.00 fine for false alarm.
Slow tapping of bells signify company calls.
Second Friday in each month each box is tapped twice, testing boxes and circuit line.
When alarm of fire is given the Fire Department has the right of way on all streets. All vehicles must drive near the sidewalk and keep away from the fire. \$5.00 fine for running over hose.
Report of any careless driving going to or from fires by the Fire Department will be thankfully received by the Chief, as fast and careless driving is strictly forbidden.

Bought Cheap.

One of the largest purchases made in Waco for some months was the purchase on Tuesday of the entire stock of wagons and agricultural implements of S. A. Owens & Son, sold by the United States marshal to the highest bidder. Mr. W. E. Dupree was the purchaser for spot cash at a very low price. This big stock added to his own, makes the biggest stock of agricultural implements in Central Texas at his great houses, 101 and 105 Bridge street. His big stock embraces all the popular brands of wagons, plows, cultivators, corn and cotton planters and everything else in the agricultural implement line. His late purchase gives him a big lever in prices and Dupree's agricultural house is the best place to buy farmers' goods in the state.

The Greatest Strike.

Among the great strikes that of Dr. Miles in discovering his New Heart Cure has proven itself to be one of the most important. The demand for it has become astonishing. Already the treatment of heart disease is being revolutionized, and many unexpected cures effected. It soon relieves short breath, fluttering, pains in side, arm, shoulder, weak and hungry spells, oppression, swelling of ankles, smothering and heart dropsy. Dr. Miles' book on Heart and Nervous Diseases free. The unequalled New Heart Cure is sold and guaranteed by H. C. Risher & Co., also his Restorative Nerve for headache, fits, sprees, hot flashes, nervous chills, opium habit, etc.

THE COTTON BELT.

MR. W. B. DODDRIDGE ON ITS
FUTURE IN TEXAS.A Rock Ballasted Road Soon—Time
Shortened and Changed—Union
Depot Talk.

Mr. W. B. Doddridge, general manager of the Cotton Belt railway and party, who have been in Waco for a day and a half left yesterday afternoon on the return trip to St. Louis. Before he left he was approached by a News reporter in reference to the proposed Union depot for Waco. Alas! It proved to be a rumor only. He said that it was possible that a deal would be made with the San Antonio and Aransas Pass railway by which the latter road would use the Cotton Belt's passenger depot. This deal, though, had not been made, it was only a possibility of the near future. It is an undisputed fact that the Cotton Belt has the best located depot in town and it could with slight alterations accommodate two or three roads.

Mr. Doddridge expressed himself as being well pleased with the central city, she was growing and improving all the time.

In reference to the Mary street paving he said that the work would shortly be re-commenced and rapidly pushed to a finish.

The company has just recently purchased an extensive quarry just west of McGregor and a rock crusher capable of crushing twenty-five or thirty car loads of rock a day was on the road now. When this crusher gets to running the company proposes to rock ballast the road from Gatesville to Corsicana.

When Waco wants to pave any more of her streets the Cotton Belt will be able to furnish the city with thirty car loads of the best rock in Texas already crushed every day.

There will be no extension of the Cotton Belt lines in Texas soon.

"If you want more railroads in Texas, said Mr. Doddridge, sail in and elect Clark and show to the world that Texas is not inimical to the investment of capital within her confines. Since leaving St. Louis I have received the auditor's report, showing that the lines in Texas cost \$20,000 more to run last month than the entire revenues amounted to. At this rate you can readily see that the company will not soon build more roads. We have had three important extensions under advisement, but on account of this extreme hostility were unable to sell our bonds and therefore unable to build. We had proposed widening to standard gauge and extending to the heart of the pine region the Tyler Southwestern. The extension of the Hillsboro branch to Whitney and the Gatesville division to Llano were the other two extensions proposed."

"We will make some changes in our time card shortly. On April 13 the time of the East bound local will be changed so that it will leave Waco at 6 or 7 a. m. instead of 3 a. m. The through passenger trains will be run on the present schedule for a month or six weeks yet." The time will then be changed, but just how much is not definitely fixed upon but will be towards shortening the time to St. Louis by two or three hours.

ATROCIOUS MURDER.

A Man in Alabama Killed and His
House Burned Over Him.

NASHVILLE, March 30.—Last night Thomas Edwards, a well-to-do farmer living alone near Madison Cross-roads, Alabama, was murdered and then his house burned over him. Two citizens of that community, Peter Martion and John Mullins, have disappeared and are claimed to be the guilty parties. They passed through Huntsville about 10 o'clock today and as soon as it was known a deputy sheriff was sent in pursuit. Two flour and coffee sacks has been found at the house of Martion which have been identified by a man who sold Edwards flour and coffee before the murder. When it was proposed to search Martion's house his wife broke down in tears. Mullins is believed to be in mountains of Jackson county, Alabama.

BLOOD POISON.

A destructive agent, that, like fire, consumes and annihilates life.

Is there a single particle of blood poison in your veins? Beware! Like the devouring flame, it increases in force and leaves only destruction in its track. Poison in the blood is due sometimes to contagion. Sometimes it is inherited. It ruins health, no matter from which source it springs. It feeds in a horrible manner on the flesh, and devastates every organ of the body. Pitiable in the extreme would be the condition of that man awaiting death from the effects of scrofula, syphilis, deep-seated ulcers, rotting of the bones, sloughing of the flesh, aching joints, etc., were there no salvation for him. But there is; for, although these conditions continue to grow worse if neglected, he nevertheless can be saved to a life of usefulness, and every trace of blood poison can be eliminated from his system and he made safe from further suffering, and his posterity insured against the possibility of a fearful heritage, easily and quickly, if he will only use that infallible Antidote for blood poison, Dr. John Bull's Sarsaparilla. It contains just such ingredients as nature has provided for cleansing the blood of every impurity, for restoring strength to the digestive processes, for assisting in the correct assimilation of nutrition and building up new tissue. Try it when other remedies have failed. It has never and never will disappoint any one. J. B. Morse, Clinton, Ind., writes:

MADE PURE.

"I was for many years affected with contagious blood poison. Portions of my flesh seemed to be fairly putrid and mortifying. My hair fell out, and I was an object of repulsion to every one. My breath smelled horrible, and I had catarrh so fearfully bad that pieces of frontal bones rotted and came out my nostrils. I lost the sense of taste and smell. I became a veritable bag of bones, and weighed only eighty-nine pounds. I could hardly sleep from pain, and was so weak I could hardly walk. The doctors said I could not live many months. A druggist persuaded me to try Dr. Bull's Sarsaparilla, and strange as it may seem, that remedy saved my life and brought me back to health. I now weigh 136 pounds, am free from pain and sores, and although have deep scars where sores were, I consider myself in excellent health."

Don't wait for your child to have spasms. Remove the worms at once with Dr. John Bull's Worm Destroyers.

To the Lovers of Art in Photography.

Having moved to my new gallery, over 701 and 703, Austin street, (the old Hinchman Building), I am now better prepared than ever to give the people of Waco the finest Photos in the state. The beautiful "aristo" (see highly endorsed by the leading galleries) in all its beauty, at my studio I will have on exhibition for a few days, an elegant oil portrait of Mrs. Geo. Clark, by Mons. De Gissac, which has been framed in a very handsome "Florentine" frame, making a portrait, well worth a visit, to all, and more especially to the ladies.

I will be glad to welcome my old and many new customers. Don't forget my new address, over 701 and 703, Austin Ave.

You Should not be Without It

Every family is liable to have a hereditary taint of Consumption in it. It may date back 3 or 4 generations. This fact makes it necessary always to have no hand a remedy with which to combat this formidable disease. A cough when taken at first can readily be cured before it gets a serious hold on the lungs. Ballard's Horehound Syrup when taken in its early ages will cure Consumption. It is guaranteed to bring relief in every case, when used for any affection of the Throat, Lungs and Chest, such as Consumption, Inflammation of the Lungs, Bronchitis, Asthma, Whooping Cough, Croup, etc. It is pleasant to take, perfectly safe and can always be depended on. Sold by H. C. Risher & Co.

Strange as it may seem, the question is often asked, "Do you furnish meals for men also, at the Woman's Exchange?" Consignments of all kinds of eatables, needle work, and orders for plain sewing solicited from women alone. The Exchange furnishes a market for all such from women who wish to help themselves; but the eating department of the Exchange is open to men and women both, as it is only the method to defray expenses. All gentlemen who wish to see a worthy institution succeed, call and get a nice meal.
